

The world's first vibroacoustic yoga concept, offered whole.

Vibro Yoga combines low-frequency vibroacoustic therapy with yoga practice - delivered through a purpose-built floor of transducers and amplifiers inside a Dolby Atmos sound field. Invented, built and operated for two years by its founder in Christianshavn, Copenhagen: twelve guests per session, premium pricing, original sound design.

THE OFFERING - GUIDE PRICE \$3-5 MILLION USD

Trademarks	Vibro Yoga (R) - registered in the United States, United Kingdom and European Union
Domain portfolio	60 domains covering major cities and countries - schedule disclosed under NDA
